- (a) *Generally.* This Purchase Order can only be changed by a written amendment, signed by both parties, and specifically Flyer’s Procurement Representative, expressly identifying the provision(s) of this Purchase Order to be amended and the changes to be made to those provisions.
- (b) *Assistance and Advice.* Flyer’s program, operations, engineering, technical or other representatives or personnel may from time to time render assistance, give technical advice or discuss or exchange information with Supplier’s personnel concerning the

Products or Work hereunder. No such actions shall be considered a change under this clause nor be the basis for an equitable adjustment unless agreed to in writing by Flyer. If Supplier believes any such assistance, advice or communications creates an actual or constructive change, Supplier shall immediately notify Flyer's Procurement Representative and Supplier shall not accept such assistance or follow said advice or communications unless Flyer's Procurement Representative signs an amendment in writing that:

- (i) expressly identifies which part(s) of this Purchase Order is to be changed

- (iii) place of performance of the services.

(e) Supplier shall immediately notify Flyer in writing if any such requested change affects Supplier's delivery schedule or Supplier's costs of performance. Any such change and any such adjustment in prices or other terms of this Purchase Order resulting therefrom shall be binding on Flyer only if and when agreed upon in writing by Flyer and Supplier. If such change is directed by Flyer's customer under the Prime Contract, the rights and obligations of Flyer and Supplier under this Purchase Order shall be in accordance with those of the Contracting Officer and Contractor, respectively, as outlined in FAR 52.243-1 Changes – Fixed-Price, FAR 52.243-2 Changes – Cost-Reimbursement, or their corresponding Alternates if applicable. References to "this contract" or "the contract", as they appear in FAR 52.243-1, FAR 52.243-2 and their Alternates, shall mean "this Purchase Order" or "the Purchase Order", respectively.

The Parties agree that all Confidential Information exchanged hereunder shall be kept strictly secret and confidential in accordance with the terms of this Section 6. If this Purchase Order involves covered defense information ("CDI") as defined by DFARS 252.204-7012(a), any such CDI shall be considered Confidential Information.

- (c) *Definitions.* For the purposes of this Section 6, the following definitions apply:
- (i) "Party" shall mean either Flyer or Supplier.
 - (ii) "Confidential Information" shall mean and refer to all information of whatever nature, and in any form, or medium (whether or not in the ownership of Flyer or Supplier, and/or another third party which has expressly authorized disclosure to Flyer or Supplier) that is: (i) proprietary, confidential, trade secret (as defined under the California Uniform Trade Secrets Act ["CUTSA"]), or considered competition sensitive by the furnishing Party; (ii) obtained or acquired, or which can be obtained or acquired, by the receiving

Party under, or in performance of, this Purchase Order (or other contracts performed for Flyer and/or its affiliates) by methods including, examining, testing, visually inspecting or analyzing any hardware or component part thereof or by observation or overhearing; and includes (iii) intellectual property, any and all such information that is derivable or derived from any property, scientific data, business or financial data, know-how, formulae, processes, designs, training manuals, policy manuals, sketches, photographs, plans, drawings, specifications, sample reports, models, projections, customer lists, price lists, studies, findings, computer software, inventions or ideas. Confidential Information also includes which includes any scientific or technical information, design, process, procedure, formula or improvement that is valuable and not generally known to competitors of Flyer or Supplier. - (iii) “Purpose” shall mean the delivery of all Products, the performance of all Work required by this Purchase Order, and/or otherwise fulfilling the obligations under this Purchase Order.

(d) *Designation.* In order to be deemed Confidential Information, such information must be (i) marked as “Confidential”, “Proprietary” or in some other manner to indicate its confidential nature; or (ii) if transmitted orally and/or visually, such information shall be identified as Confidential Information at the time of the disclosure and described in writing and marked as Confidential and/or Proprietary within thirty (30) days after such disclosure.

(e) *Term and Termination.* This Section 6 shall be effective for the duration of this Purchase Order, and the rights and obligations of the Parties under this Section 6 shall survive the completion, or earlier termination or cancellation, of this Purchase Order for a period of three (3) years. The Parties agree that this term is reasonable and does not impose an undue burden on either Party. Notwithstanding the foregoing, the confidentiality obligations in this Section 6(e) shall continue indefinitely as to trade secrets so long as such trade secrets retains their status as trade secrets under the CUTSA.

(f) *Return or Destruction.* Upon the completion, termination or cancellation of this Purchase Order and upon the furnishing Party’s written request, the receiving Party shall promptly return or destroy all Confidential Information disclosed hereunder and any notes or memoranda of conversations relating thereto, including any and all copies thereof and any and all documents, drawings, or models which have been received or derived by the receiving Party as part or as a result of the receiving

Party's evaluation hereunder and any and all copies thereof. If destroyed, the receiving Party shall provide a certificate attesting to such destruction executed by a duly authorized officer or employee of the receiving Party.

(g) *Protection.* In consideration of the disclosure of Confidential Information by the furnishing Party, the receiving Party undertakes to the furnishing Party that it shall do all the following:

- (i) Use the Confidential Information only for the Purpose;
- (ii) Treat and safeguard as private and confidential all Confidential Information with the same degree of care that the furnishing Party uses to prevent disclosure, publication, or dissemination of its own proprietary or confidential information, but in any event no less than a reasonable degree of care;
- (iii) Ensure proper and secure access to, and storage of, all Confidential Information;
- (iv) Not at any time, without the prior written consent of the furnishing Party, disclose or reveal the Confidential Information to any other person or entity whatsoever, except for the receiving Party's employees, agents and professional advisors (including, but not limited to accountants, financial advisors, consultants and attorneys) who are in each case (i) required in the course of their duties to receive and consider the Confidential Information to assist or otherwise advise the receiving Party to further the Purpose, (ii) informed of the receiving Party's obligations under this Section 6, and (iii) required to observe the same restrictions as the receiving Party regarding the furnished Confidential Information;
- (v) Not make any whole or partial copies of any of the furnishing Party's Confidential Information, except that the receiving Party may make copies only to the extent reasonably necessary to enable the Parties to fulfill the Purpose, and each such copy must fully reproduce any restrictive legends placed on the original being copied and shall be returned or destroyed as required by Section 6(f).
- (vi) Not decompile, disassemble, or reverse engineer any of the furnishing Party's Confidential Information, and prohibit all persons reasonably under its control from the same.

(h) *Exceptions.* The obligations of confidentiality contained in this Section 6 shall not apply to any Confidential Information for which the receiving Party can show:

- (i) was publicly available at the time of transmission, use or disclosure, or becomes publicly available without a breach of this Section 6;

- (ii) was known and can be shown to have been known by a receiving Party at the time of transmission;
 - (iii) is disclosed with the written approval of the furnishing Party;
 - (iv) is independently and can be shown to have been independently developed by a receiving Party; or
 - (v) becomes known to the receiving Party through a source, other than the furnishing Party, without a breach of this Section 6 by the receiving Party.
- (i) *Legally Compelled Disclosure.* If Confidential Information is subject to a subpoena, demand for production of documents or other similar legal process in which the receiving Party is legally compelled to disclose such information, the receiving Party must (i) promptly provide notice to the furnishing Party, including enough detail for the furnishing Party to identify the Confidential Information, within five (5) days of receiving notice of such legal process, and (ii) cooperate, at no out of pocket cost or expense to it, with the furnishing Party in the furnishing Party's attempt to protect the confidentiality of its Confidential Information such as by the furnishing Party seeking a protective order from a court of competent jurisdiction.
- (j) *No Further Rights.* Except as specifically provided in writing by the furnishing Party, neither the disclosure of Confidential Information nor anything contained in this Section 6 shall be construed as granting to the receiving Party, either expressly or by implication, a license, title or other right to any idea, invention, know-how, patent, trademark, copyright or any other proprietary or confidential information owned or controlled by the furnishing Party, and/or any third party, now or hereinafter.
- (k) *Remedies and Limitations.* Each Party recognizes that its remedy at law for breach of the terms in this Section 6 would necessarily be inadequate and incapable of reasonable calculation and it thus stipulates that in the event of a breach of the terms contained in this Section 6, the other Party shall be entitled to appropriate equitable relief or specific performance. However, no Party shall be liable for any punitive or consequential damages for any reason related to the performance of this Section 6.

7. COUNTERFEIT PARTS

- (a) *Definitions.* For the purposes of this Section 7, the following definitions apply to this clause:
- (i) "Parts" mean those parts delivered under this Purchase Order that are the lowest level of separately identifiable items contained within Products.

- (ii) “Counterfeit Part” means a Part that is misrepresented as having been designed and/or produced under an approved system or other acceptable method. The term also includes an approved Part that has reached a design life limit or has been damaged beyond possible repair but is altered and misrepresented as acceptable.
 - (iii) “Suspect Counterfeit Part” means a Part for which credible evidence (including visual inspection or testing) provides reasonable doubt as to the Part’s authenticity.
 - (iv) “Original Part” means a Part purchased either directly from the Original Component Manufacturer (OCM)/Original Equipment Manufacturer (OEM), or from an OCM/OEM authorized distributor.
- (b) Supplier shall not deliver Counterfeit Parts or Suspect Counterfeit Parts to Flyer under this Purchase Order.
- (c) Supplier shall maintain quality control and counterfeit risk mitigation processes in accordance with industry- recognized standards along with any other specific requirements, elsewhere identified in this Purchase Order.
- (d) If Supplier is to purchase Parts, or incorporate Parts into Products, for delivery to Flyer, then Supplier shall purchase only Original Parts. However, if Original Parts are unavailable, then Supplier may only use another source (e.g., independent distributors or brokers) if (i) Supplier first obtains Flyer’s written approval, and (ii) the Supplier represents and certifies that its inspection processes and other counterfeit risk mitigation processes will be employed to ensure the authenticity of the Work.
- (e) Supplier shall immediately notify Flyer with the pertinent facts if Supplier becomes aware that it has delivered Counterfeit Parts or Suspect Counterfeit Parts to Flyer. When requested by Flyer, Supplier shall provide OCM/OEM documentation that authenticates traceability of the affected Part(s) to the applicable OCM/OEM. Supplier, at its expense, shall provide reasonable cooperation to Flyer in conducting any investigation regarding the delivery of Counterfeit Parts or Suspect Counterfeit Parts under this Purchase Order.
- (f) If any Part delivered under this Purchase Order constitutes a Counterfeit Part, Flyer may proceed as provided in Section 27(d)(i).
- (g) This clause applies in addition to and is not altered, changed or superseded by any quality provision, specification, statement of work, or other provision included in this Purchase Order addressing the authenticity of Work. To the extent such provisions

conflict with this clause, this clause prevails, except in the case of those regulatory clauses mandatorily flowed down by the Prime Contract, in which case, those clauses shall prevail.

- (h) *Flow Down.* Supplier shall include Sections 7(a) through 7(g) and this Section 7(h) of this Section 7, or equivalent provisions, in lower tier subcontracts for the delivery of Parts that will be, or included in Products that will be, delivered to Flyer.

8. DELIVERIES

- (a) *In General.* If Products are to be delivered under this Purchase Order, Supplier agrees to sell and deliver to Flyer such quantity(ies) of Products, at the price(s), to the location(s) and on the delivery date(s) specified on this Purchase Order. If Work is to be performed under this Purchase Order, Supplier agrees to perform and complete such Work for Flyer as described, at the price(s), at the location(s), if any, and by the delivery date(s) specified on this Purchase Order. Flyer's internal production schedules are based upon timely performance by Supplier under this Purchase Order. **ACCORDINGLY, TIME IS OF THE ESSENCE FOR THIS PURCHASE ORDER AND SUPPLIER HEREBY AGREES TO ENSURE IT MEETS THE DELIVERY DATE(S) SPECIFIED ON THIS PURCHASE ORDER.**
- (b) *Delivery Dates.* If delivery date(s) are not specified on this Purchase Order, Flyer shall specify delivery date(s) later, and Supplier shall have seven (7) days upon receiving those delivery date(s) to propose alternate delivery date(s). If Supplier fails to propose alternate delivery date(s) within the allotted seven (7) days, then Flyer's specified delivery date(s) shall be deemed part of, and treated as if specified on, this Purchase Order. If Supplier proposes alternate delivery date(s) within the allotted seven (7) days, the parties will negotiate in good faith to agree upon the delivery date(s) to be specified on this Purchase Order. If the delivery date(s) cannot be agreed upon by the parties, then this Purchase Order shall be voidable at Flyer's sole discretion.
- (c) *Delayed Deliveries.* If any deliveries are not made by the delivery date(s) and in the quantity(ies) specified on this Purchase Order (including by reason of a Force Majeure Event as described in Section 10 below), Flyer may, in addition to any other rights or remedies it may have under this Purchase Order, at law or in equity, cancel this Purchase Order with respect to any or all deliveries of the Products that have not been made or with respect to any or all of the Products not previously accepted by Flyer, without any liability whatsoever. Additionally, if any delivery is delayed (other than due to a Force Majeure Event affecting Supplier), Flyer may hold Supplier responsible for any and all Losses (as defined in Section 12(a) below) caused by or arising from such untimely performance, including: (i) all direct, incidental and

- consequential damages and any resulting late performance penalties incurred by Flyer; and (ii), if Flyer covers by purchasing goods or services from another vendor, the amount (if any) by which the cost of such goods or services exceeds the price of the affected Products under this Purchase Order, along with all other cover damages. If the Purchase Order is a rated order, nothing in the foregoing paragraph modifies or changes Supplier's obligations under the Defense Priorities and Allocations System regulations in 15 CFR Part 700.
- (d) *Early Deliveries.* If Flyer receives any Product in advance of its scheduled delivery date, without Flyer's prior written authorization, Flyer may, at its option, return such Product to Supplier at Supplier's risk and expense or store such Product at Supplier's expense and payment may be withheld until sixty (60) days after the scheduled delivery date.
- (e) *Excess Deliveries.* Supplier shall not deliver any Products in excess of what is required by this Purchase Order without prior written consent from Flyer. If Supplier delivers any Product in excess of the quantity(ies) required by this Purchase Order, Flyer may, at Flyer's option, accept and pay for such Product, but charge Supplier for any costs incurred by receiving the excess, or return such Products to Supplier at Supplier's risk and expense.
- (f) *Forecasts.* From time to time, Flyer may, in its sole discretion, deliver non-binding 52-week forecasts to Supplier. Notwithstanding any such forecast delivered by Flyer, all purchases and deliveries of Work and/or Products shall be governed by this Purchase Order or other Purchase Order(s) that may be issued by Flyer to Supplier, and Supplier agrees that any such forecast is intended solely to assist in planning Flyer's production schedules and is not a commitment by Flyer to purchase any minimum volume of Products, or amount of Work, from Supplier. Supplier shall not unreasonably anticipate delivery of Products or Work by purchasing materials or manufacturing quantities in excess of what is reasonably required to meet the delivery date(s) set forth in this Purchase Order. In the event of a termination for convenience (Section 28) or change (Section 4), no claim will be allowed for any manufacture or procurement in advance of Supplier's normal flow time unless Flyer has given prior written consent.
- (g) *Documentation.* All documentation specified by this Purchase Order, or otherwise required to be delivered in connection with any Work and/or Products, shall be delivered in accordance with the terms hereof. Any and all expenses, changes and claims resulting from improper documentation shall be Supplier's responsibility. All correspondence and references to this Purchase Order must include the Purchase Order Number and name of Flyer's agent designated to receive delivery of the

applicable Work and/or Products. Imported Products shall be subject to additional documentation requirements as required by Applicable Laws, or by Flyer.

9. DISPUTES

- (a) *Generally.* Supplier and Flyer agree that if any dispute concerning this Purchase Order arises at any time, the parties will first attempt to resolve such dispute with good faith negotiations. Any dispute that remains unresolved after such negotiations may be resolved through an action in a court of the appropriate jurisdiction and venue, pursuant to the Section 9(b) below.
- (b) *Choice of Laws.* This Purchase Order, and any matter arising therefrom or related thereto, shall be governed by the laws of the State of California, exclusive of its conflicts of laws provisions, except that any provision in this Purchase Order that is incorporated in full text, by reference, or is mandatorily flowed-down from the Federal Acquisition Regulations (FAR), or from any agency regulations that implement or supplement the FAR, shall be construed and interpreted according to the federal common law of government contracts as enunciated and applied by federal judicial bodies, boards of contracts appeals, and quasi-judicial agencies of the federal government. **THE RIGHTS AND OBLIGATIONS OF FLYER AND SUPPLIER UNDER THIS PURCHASE ORDER SHALL NOT BE GOVERNED BY THE PROVISIONS OF THE UNITED NATIONS CONVENTION ON CONTRACTS FOR THE INTERNATIONAL SALE OF GOODS.** Any matter arising from or relating to this Purchase Order shall be litigated only in the state or federal courts located within the State of California, and both Supplier and Flyer consent to the exclusive jurisdiction of any such court(s).
- (c) *Waiver of Service.* Supplier waives personal service of process, and consents that such service of process may be made by certified or registered mail, return receipt requested, directed to Supplier at its address as stated in this Purchase Order. If Supplier is headquartered or incorporated outside the United States of America, Supplier waives any and all service requirements under the Hague Convention (20 U.S.T. 361), and hereby agrees to accept service of process through any of its offices, representatives, subsidiaries, affiliates or agents located in the United States of America. If no such office, entity or person is located within the United States of America, Supplier shall appoint an agent for service of process within the United States of America.
- (d) *Government Decisions.* If a final decision under FAR 33.211 is issued by a Contracting Officer for the Prime Contract under which this Purchase Order is issued, and the decision relates in any way to this Purchase Order or to the Products or Work

ordered hereunder, that decision, if binding upon Flyer, shall also be binding upon Flyer and Supplier with respect to this Purchase Order. If any appeal is taken or any action commenced by Flyer (or Flyer's customer), Supplier shall assist Flyer in its prosecution thereof in every reasonable manner. If, as a result of any such decision and to the extent such decision relates to Products or Work delivered by Supplier hereunder, the Government or Flyer's customer permanently or temporarily subjects Flyer to a withhold, or requires Flyer to refund or credit any payments received to the Government or to Flyer's customer, Supplier shall similarly be subjected to a withhold by Flyer of, or required to refund or credit to Flyer, an amount commensurate with the price of the Products or Work delivered hereunder, and the degree to which such Products or Work are, implicated by such decision.

- (e) *Continued Performance.* Pending final resolution of any request for relief, claim, dispute, appeal or action arising under or in connection with this Purchase Order, Supplier shall proceed diligently with the performance of its obligations under this Purchase Order and shall comply with Flyer's written direction(s) regarding this Purchase Order, if any.

(F) *LIMITATION OF LIABILITY.* IN NO EVENT SHALL FLYER BE LIABLE FOR ANY SPECIAL, INDIRECT, PUNITIVE, INCIDENTAL OR CONSEQUENTIAL DAMAGES, INCLUDING LOST PROFITS, WHETHER IN CONTRACT, TORT, NEGLIGENCE, STRICT LIABILITY OR UNDER ANY OTHER THEORY OF LAW OR EQUITY, UNDER OR ARISING OUT OF THIS PURCHASE ORDER OR ITS PERFORMANCE OR BREACH, EVEN IF FLYER HAS BEEN MADE AWARE OF THE POSSIBILITY OF SUCH DAMAGE.

10. FORCE MAJEURE

Neither Flyer nor Supplier will be held liable ("Affected Party") for failure to fulfill any or all of its obligations hereunder if such failure is due to a Force Majeure Event that is beyond the Affected Party's reasonable control, occurs without the Affected Party's fault or negligence, and is not caused directly or indirectly by the Affected Party and could not have been prevented or avoided by the Affected Party's reasonable diligence. A "Force Majeure Event" means, but is not limited to, an act of war, domestic and/or international terrorism, civil riots or rebellions, quarantines, embargoes and other similar unusual governmental actions, pandemics, epidemics, local disease outbreaks, public health emergencies, or extraordinary elements of nature or acts of God.

11. FURNISHED PROPERTY

- (a) *Furnished Property.* Flyer may, by written authorization, provide to Supplier property owned by either Flyer or Flyer's customer(s) to aid Supplier in fulfilling its obligations under this Purchase Order (collectively, "Furnished Property"). Any property furnished to Supplier by Flyer, shall be provided on an "as-is" basis without any warranties and shall remain the sole property of either Flyer or Flyer's customer. Except for Furnished Property, all tools, dies, molds, fixtures and similar items required to produce the Products (collectively, "Supplier Tooling") shall be furnished by Supplier at Supplier's sole expense and without charge to Flyer, unless agreed upon in writing and separately itemized on this Purchase Order.
- (b) *Liability.* Supplier shall be liable for any loss of, theft of or damage to Furnished Property in its possession, custody or control, including normal wear and tear, and agrees to supply Flyer with detailed statements of such Furnished Property at monthly intervals, or otherwise as agreed by Flyer. Furnished property shall be used and kept only at those facilities or locations for which Flyer has given its prior written approval and shall not be moved from such facilities or locations without Flyer's prior written approval.
- (c) *Maintenance.* Supplier, at its expense, shall maintain, keep in good condition and repair, and replace when necessary all Furnished Property and Supplier Tooling in order to maintain its capacity to produce Products or Work in conformance with orders from Flyer. Any and all such replacements of Furnished Property shall also be Furnished Property for all purposes and shall be accordingly marked and identified by Supplier.
- (d) *Return of Furnished Property.* At Flyer's request, and/or upon expiration, completion, or termination of this Purchase Order, Supplier shall submit, in an acceptable form, an inventory list of all property furnished hereunder, and shall deliver or dispose of such Furnished Property as directed by Flyer. If Supplier fails to return Furnished Property upon Flyer's demand, Flyer shall have the right, upon reasonable notice, to enter Supplier's premises and remove any such Furnished Property without being liable for trespass or damages of any sort.
- (e) *Lost Property.* If at any time, Supplier becomes aware that it has misplaced or cannot locate Furnished Property, Supplier shall notify Flyer, and shall have five (5) days to search for the misplaced item. After such period, the property shall be deemed "lost" and Supplier shall reimburse Flyer, upon Flyer's demand, for its full replacement cost. The search period begins either: (i) upon Supplier's notification to Flyer of a misplaced item; or (ii) five (5) days after the date designated by Flyer to transfer and/or account for such Furnished Property and Supplier has not fully complied with the transfer and/or accounting.

- (f) *Government Property.* Notwithstanding the foregoing paragraphs in this Section 11, all materials, including tools and equipment, that qualify as “Government Property” under FAR clause 52.245-1, Government Property, shall be handled in accordance with said clause, as modified, if at all, by Article II of these Terms and Conditions.

12. INDEMNIFICATION

- (a) *General Indemnity.* Supplier shall indemnify, defend and hold harmless Flyer and its parent companies, subsidiaries, affiliates, shareholders, members, partners, directors, managers, officers, employees, insurers, agents, customers, successors and assigns (collectively, the “Flyer Indemnified Parties”) from and against any and all claims, demands, actions, losses, injuries, damages, liabilities, obligations, penalties, costs and expenses, including attorneys’ fees, experts’ fees and other costs of defending any claim, demand or action and costs of recalls, field campaigns and other corrective actions (collectively, “Losses”), which any Flyer Indemnified Party(ies) may incur or become liable for as a result of, on account of or in connection with: (i) any actual or alleged default or breach by Supplier or any of its employees, agents or subcontractors of any of Supplier’s warranties or any of Supplier’s other obligations under this Purchase Order; (ii) any actual or alleged act or omission by Supplier or any of its employees, agents or subcontractors in performing any of Supplier’s obligations under this Purchase Order; (iii) any defects or alleged defects in any Product or arising from the nature of the material contained in any Products (except to the extent any such defect was specifically due to a design that was furnished to Supplier by Flyer); (iv) any actual or alleged negligence, intentional misconduct or fraud by Supplier or any of its employees, agents or subcontractors; or (v) any actual or alleged failure on the part of the Products or of Supplier or its employees, agents or subcontractors, to comply with any applicable federal, national, state, provincial, municipal or local laws, orders, rules, ordinances or regulations, including the FAR clauses and FAR agency supplemental clauses contained in Article II herein.
- (b) *Infringement Warranty and Indemnity.* Supplier warrants that neither the Products furnished hereunder, nor their manufacture, delivery, purchase, resale or use, shall infringe or misappropriate or contribute to the infringement or misappropriation of any patent, copyright, trademark, trade name, trade dress, trade secret or other proprietary or intellectual property right of any third party in the U.S.A. or elsewhere, or subject Flyer or its customers (whether direct or indirect) or any other Flyer Indemnified Parties to the payment of royalties in the U.S.A. or elsewhere. Supplier shall indemnify, defend and hold harmless Flyer and its customers (whether direct or indirect) and the other Flyer Indemnified Parties from and against any and all Losses which they, or any of them, may sustain or incur as the result of any breach of this

warranty. If the use or sale of the Products is enjoined as a result of a suit, Supplier, at no expense to Flyer, shall obtain for Flyer and its customer the right to use and sell the Product or shall substitute an equivalent Product acceptable to Flyer and extend this indemnification thereto. The foregoing warranty shall not apply, however, if and to the extent an infringement is proven to have been caused by Supplier manufacturing Products in strict accordance with design(s) provided by Flyer to Supplier.

- (c) *Indemnification Procedures.* Flyer will notify Supplier of any Losses of which it has knowledge that are or may be subject to any of Supplier's indemnification obligations. Flyer shall make available to Supplier all information and assistance as Supplier may reasonably request in connection with satisfying its indemnification duties, at Supplier's expense. Flyer shall have the right to participate in the defense of any claims, demands or actions that are subject to any of Supplier's indemnification obligations, or to assume and control the defense of any such claim, demand or action, all at the expense of Supplier. Supplier may not settle any such claim, demand or action without the prior written consent of Flyer (such consent not to be unreasonably withheld or delayed). Notwithstanding anything to the contrary herein, if in the opinion of Flyer or any other Flyer Indemnified Party, any claim, demand or action involves either the potential imposition of criminal liability on any Flyer Indemnified Party, or a conflict of interest between a Flyer Indemnified Party and Supplier as the indemnifying party, then Supplier shall not assume the defense; instead, Flyer shall assume and control the defense, all at the expense of Supplier.

13. INSURANCE; ENTRY ON FLYER FACILITIES

- (a) In the event that Supplier, its employees, agents, or subcontractors enter the site(s) of Flyer or its customers for any reason in connection with this Purchase Order then Supplier and its subcontractors shall maintain for the duration of this Purchase Order workers compensation, products liability (PL), commercial general liability (CGL) and automobile liability (AL) (third party bodily injury and property damage liability) insurance with a minimum of \$2,000,000 per occurrence limit and such other insurance as Flyer may require.
- (b) Supplier shall provide Flyer thirty (30) days advance written notice prior to the effective date of any cancellation or change in the term or coverage of any of Supplier's required insurance, provided however such notice shall not relieve Supplier of its obligations to maintain the required Insurance. Supplier shall name Flyer as an additional insured to the CGL, PL, and AL policies for the duration of this Purchase Order with a waiver of subrogation. If requested, Supplier shall provide Flyer with a "Certificate of Insurance" evidencing Supplier's compliance with these

- requirements. Insurance maintained pursuant to this clause shall be considered primary as respects the interest of Flyer and is not contributory with any insurance which Flyer may carry. “Subcontractor” as used in this clause shall include Supplier’s subcontractors at any tier. Supplier’s obligations for maintaining insurance coverages herein are freestanding and are not affected by any other language in this Purchase Order. Insurance coverage described herein must be in place and effective prior to commencement of any activity that is the subject of this Purchase Order.
- (c) Renewal insurance certificates, if applicable, shall be provided to Flyer at least 15 days prior to the expiration date of the insurance under each required coverage. Additional insurance types and/or limits will be necessary if the Work involves extra hazardous operations.
- (d) Supplier’s personnel, including Supplier’s subcontractors, shall comply with all Flyer security, safety, rules of conduct, badging and personal identity, and related requirements while on Flyer premises. In addition, prior to entry on Flyer premises, Supplier shall coordinate with Flyer to gain access to facilities. Supplier shall provide information reasonably required by Flyer to ensure proper identification of personnel; including verification of citizenship, lawful permanent resident status, protected individual or other status. Flyer may, at its sole discretion, have Supplier remove any specified employee of Supplier from Flyer’s premises and request that such employee not be reassigned to any Flyer premises under this Purchase Order.
- (e) Supplier personnel requiring unescorted access to sites of Flyer or its customers shall, prior to entry, be screened by Supplier at no charge to Flyer through the Flyer Contractor Screen Program, or otherwise screened by Supplier in a manner satisfactory to Flyer.

14. INSPECTION AND ACCEPTANCE

All Products purchased hereunder shall be received subject to Flyer’s inspection and acceptance or rejection. Such inspection of the Products by Flyer shall be at Flyer’s premises, unless otherwise agreed by Flyer in writing, and may be completed at any time within a reasonable period after Flyer receives the Products; provided, however, that at Flyer’s option, inspection may be made under operating conditions within a reasonable period after incorporation of the Products into any plant, facility, vehicle, equipment or other product of which such Products are to be a part. Flyer reserves the right to hold for Supplier or return to Supplier rejected Products in whole or in part, and all expenses incurred by Flyer in doing so, including inspection, storage, transportation, handling and processing costs, shall be borne by Supplier. Payment for any Products prior to inspection shall not constitute acceptance of such Products; acceptance shall be deemed to have occurred only after Products have passed Flyer’s inspection. Any inspection,

testing or other evaluation by Flyer shall in no way affect, waive or invalidate any of Supplier's warranties in respect of the Products or any of Flyer's other rights or remedies hereunder, or at law or in equity.

15. INTELLECTUAL PROPERTY

- (a) *Assertions.* The parties acknowledge that Supplier may provide pre-contract rights in data assertions in accordance with the FAR and/or DFARS on its behalf. Such assertions, when made, are hereby acknowledged as incorporated into this Purchase Order. Flyer, however, makes no representations regarding the accuracy of such assertions.
- (b) *Rights.* Supplier agrees that Flyer, in the performance of its Prime Contract obligation, shall have an unlimited, worldwide, irrevocable, paid-up, royalty-free right to make, have made, sell, offer for sale, use, execute, reproduce, display, perform, distribute (internally or externally) copies of, and prepare derivative works, and authorize others to do any, some or all of the foregoing, any and all, inventions, discoveries, improvements, mask works and patents as well as any and all data, copyrights, reports, and works of authorship, conceived, developed, generated or delivered in performance of this Purchase Order, other than items listed under the IDENTIFICATION AND ASSERTION OF USE, RELEASE, OR DISCLOSURE RESTRICTIONS (BASED ON DFARS 252.227-7017 (JUN1995)) and/or intellectual property developed by Supplier solely at private expense ("Background Intellectual Property"). Supplier must identify any claimed Background Intellectual Property on a schedule within the Purchase Order or any attachment thereto.
- (c) *Foreground Works.* All data, copyrights, reports, inventions and works of authorship developed in performance of this Purchase Order ("Foreground Works") shall be the property of the party that created such Foreground Works.
- (d) *Jointly Developed Works.* In the event any Foreground Works are jointly developed by the parties, such Foreground Works shall be the property of Flyer with Supplier having an unlimited, worldwide, irrevocable, paid-up, royalty-free right to make, have made, sell, offer for sale, use, execute, reproduce, display, perform, distribute (internally or externally) copies of, and prepare derivative works, and authorize others to do any, some or all of the foregoing.
- (e) *Background Intellectual Property.* Supplier agrees that Flyer shall have, to the limited extent necessary for Flyer to satisfy its Prime Contract obligations, if any, an irrevocable, paid-up, royalty-free right to make, have made, sell, offer for sale, use,

execute, reproduce, display, perform, distribute (internally or externally) copies of, and prepare derivative works, and authorize others to do any, some or all of the foregoing, the Background Intellectual Property.

- (f) *Other Items.* Items delivered under this Purchase Order such as operation and maintenance manuals shall be delivered with the right to copy for internal use and/or copy and deliver with the right to use to Flyer's customers. The tangible medium storing copies of all reports, memoranda and/or other materials in written form including machine readable form, prepared by Supplier and furnished to Flyer pursuant to this Purchase Order shall become the sole property of Flyer.

16. PACKAGING; MARKING; SHIPPING

Unless otherwise specified, all Products are to be packed in accordance with good commercial practice.

- (a) If Supplier uses any means of delivery different from that set forth in this Purchase Order without express consent in writing from Flyer, Supplier shall be responsible for any and all additional shipping costs (including freight costs, tariffs, harbor maintenance charges, taxes, duties and other shipping-related costs) incurred thereby. Without limiting the foregoing sentence, Supplier hereby acknowledges and agrees that there shall not be any departure from the specific routing set forth in this Purchase Order except in the case of emergencies identified by Flyer, and Flyer may recover from Supplier, and Supplier shall pay, all additional charges arising from a failure to follow such specified routing.
- (b) A complete packing list shall be enclosed with all shipments. Supplier shall mark containers or packages with necessary lifting, loading, and shipping information, including the Flyer Purchase Order number, item number, dates of shipment, and the names and addresses of consignor and consignee. Bills of lading shall include this Purchase Order number.
- (c) Unless otherwise specified, delivery shall be FOB Destination.

17. PAYMENTS, PRICES AND INVOICING

- (a) *Prices.* Supplier agrees to sell the Products to and/or perform the Work for Flyer at the prices stated on this Purchase Order. All such prices are firm, and no additional charges or surcharges or price increases or adjustments will be allowed unless specifically agreed to in writing in advance by an authorized officer of Flyer. Without

- limiting the foregoing, Supplier shall bear the risk of currency exchange fluctuation, changes in the cost of commodities, materials, components or labor, and increased or new tariffs, duties and taxes, and no such event shall serve as the basis for a price increase or surcharge, however named. Supplier warrants and agrees that the net prices charged by it to Flyer for the Products (including Products being purchased for aftermarket purposes), and the terms applicable to Flyer's purchase of such Products, are not and shall not be less favorable from the perspective of the purchaser than those prices and terms currently extended or offered by Supplier to any other customer for the same or like goods or services in equal or less quantities. In the event Supplier reduces its price for any such Products prior to complete delivery of all goods or the furnishing of all services covered by this Purchase Order, Supplier agrees to reduce, correspondingly, the price of the goods or services covered hereby. Upon notice to Supplier, Flyer may recoup or offset any amounts due Flyer from Supplier, including those due to improper payment or overpayment, against amounts due Supplier from Flyer. All prices shall be expressed and shall be payable in U.S. dollars unless otherwise provided on this Purchase Order, or unless prices are addressed in a separate currency exchange agreement between Flyer and Supplier.
- (b) *Taxes.* All applicable federal, state and local taxes, duties, tariffs, and similar fees imposed by any government, shall be listed separately and included in prices. Except as provided in this Section or in the Delivery Terms, Flyer shall not be liable for any national, federal, provincial, state, municipal or local taxes, duties, tariffs, harbor maintenance fees, customs payments, or assessments, including any special tariffs imposed for reasons of national security, safeguard actions, antidumping or countervailing duty orders, or other international trade remedies, in connection with the sale, purchase, importation, transportation, use or possession of the Products ordered hereunder, other than those expressly set forth on the Purchase Order.
- (c) *Payment.* Flyer shall pay all undisputed amounts reflected on an invoice within thirty (30) days after Flyer accepts the Products delivered or receives a correct invoice covering those Products, whichever is later. Payment shall be deemed to have been made as of the date of mailing Flyer's payment or electronic funds transfer. Payment shall not constitute acceptance of Products.
- (d) *Invoices.* Supplier shall send a separate invoice for each shipment and shall include the following information: (i) Order number; (ii) item number; (iii) part serial number (if serialized); (iv) part number; (v) unit of measure; (vi) unit price; (vii) unit Export Control Classification Number (ECCN) or International Traffic in Arms Regulations (ITAR) designation; (viii) Schedule B number; (ix) Harmonized Tariff Schedule (HTS) code; and (x) Country of Origin. Supplier's invoice shall also include: (i) Supplier's phone number and address; (ii) invoice number; (iii) date prepared; (iv) item quantity; (v) extended item price; and (vi) total invoice value. If Supplier's

“remit to” address is different than the address indicated on the Order, clearly identify the “remit to” address on the invoice. No invoice shall be issued prior to shipment of Products. Supplier shall also provide documentation to support its invoice as Flyer may reasonably require. For each shipment made at Flyer’s expense (i.e., FOB Origin), Supplier shall include a copy of the freight bill (which shall include the weight of items shipped) with each invoice. Flyer reserves the right to return invoices failing to comply with these instructions for re-submittal of a correct invoice.

18. QUALITY CONTROL & INVENTORY CONTROL

To assure that the Products and Work meet all specifications as to appearance, performance and reliability, Supplier shall provide and maintain adequate and consistent quality and inventory control systems to an industry recognized standard and in compliance with any other specific quality requirements identified in this Purchase Order. In the event Flyer requires Supplier to purchase specific parts or components for the Products or Work from certain vendors, Supplier shall be responsible for logistics, quality assurance and ensuring that such parts and components meet Flyer’s specifications. Supplier shall furnish to Flyer results of quality and inventory control samplings upon request from time to time.

19. RELEASE OF INFORMATION

Except as required by law, no public release of any information, or confirmation or denial of same, with respect to this Purchase Order or the subject matter hereof, will be made by Supplier or its subcontractors without the prior written approval of Flyer. Supplier shall not use “Flyer Defense,” “Flyer Defense, LLC.” or any other trademark or logo owned by Flyer, in whatever shape or form, without the prior written consent of Flyer.

20. RETENTION OF RECORDS

Supplier shall retain and preserve all records and materials relating to its performance under this Purchase Order for the longer of:

- (i) a period of four (4) years after final payment under the Prime Contract;
- (ii) any lengthier period of time required by the contract under which this Purchase Order was issued as a subcontract; or
- (iii) for the period prescribed by applicable law or regulation.

Records and materials relating to performance under this Purchase Order include, but are not limited to, financial, proposal, procurement, specifications, production, inspection, test, quality, shipping and export, and certification records. Supplier shall include this clause in all contracts with lower-tier subcontractors and suppliers. For as long as Supplier is required to retain records under this Purchase Order, upon reasonable notice and during normal business hours, Flyer, its

customer(s) and/or their respective independent auditors (the “Auditors”), shall have the right to audit Supplier’s and its subcontractors’ and suppliers’ compliance with the requirements of the Purchase Order and to confirm Supplier’s compliance with applicable laws, rules and regulations in its performance of the Purchase Order. At no additional cost, Supplier shall provide the Auditors with access to all documents, records, personnel and information requested by the Auditors pertaining to Supplier’s performance of the Purchase Order. Audits may include but are not limited to: (i) the accuracy of Supplier’s invoices; (ii) the accuracy of any representations, warranties and certifications under this Purchase Order; (iii) the accuracy of reports prepared by Supplier; and (iv) Supplier’s compliance with applicable laws, rules and regulations. During any audit, if any invoice submitted by Supplier is found to be in error, in Flyer’s sole discretion, Flyer may make an appropriate adjustment to the invoice or the next succeeding or new invoice following the discovery of the error, or Supplier will otherwise repay the amount of any overbilling. Supplier shall promptly correct any other deficiencies discovered as a result of any such audit at Supplier’s sole cost and expense.

21. RISK OF LOSS; TITLE TRANSFER; SECURITY INTEREST

Unless both parties agree otherwise, the FOB point for Products delivered under this Purchase Order shall be FOB Destination, and Supplier, in addition to bearing all risks required by law, shall bear all risks of loss of or damage to the Products until Supplier has completed all of its delivery obligations with respect to those Products and Products have reached their destination, at which point risk of loss of or damage to such Products shall pass to Flyer. Title to Products, unless this is a build-to-print or build-to-specification transaction with Flyer-furnished prints or specifications, will transfer to Flyer when risk of loss of or damage to those Products passes to Flyer. However, that transfer of title shall not constitute acceptance of the Products by Flyer. Supplier shall bear all risks of loss of or damage to any Products that are rejected by Flyer after inspection, and title to such Products shall transfer back to Supplier upon rejection. If this is a build-to-print or build-to-specification transaction for which Flyer has furnished prints or specification, then title to Products, whether finished or not, shall always belong to Flyer. If Flyer makes any payment before Flyer’s receipt of the Products, Supplier hereby grants Flyer a security interest in and charge against the Products and all proceeds thereof to secure Supplier’s performance of its obligations hereunder, and Supplier agrees to execute and deliver such documents to Flyer as Flyer may request to ensure the enforceability of such security interest and charge. Flyer is hereby authorized to prepare and file financing statements and other documents in order to perfect and maintain such security interest and charge. In the event of Supplier’s breach, nothing shall be construed herein to diminish Flyer’s rights and remedies under this Purchase Order, including those available to it at law or in equity.

22. SAMENESS REQUIREMENT; CHANGES IN DESIGN, PROCESSES OR MANUFACTURING LOCATION; PARTS OBSOLESCENCE

Supplier warrants that the Products supplied to Flyer shall be uniform and that there shall be no change in design that would adversely affect the form, fit, finish, functionality or serviceable parts of the Products being supplied. A “change in design” shall include any change in materials, material characteristics or components, as well as any dimensional changes, following Flyer’s first article approval. In no event shall Supplier make any change in design of any Product to be sold to Flyer without Flyer’s prior written consent, which may be granted or withheld in Flyer’s sole discretion. Supplier shall provide written notice to Flyer of any proposed change in design, which notice shall include the reason for such change and a description of the manner in which such change will or will not affect the form, fit, finish, functionality or serviceable parts of any of the Products, supported by testing and analysis. Supplier shall be solely liable for any and all Losses (as defined in Section 12 above) incurred by Flyer or any other Flyer Indemnified Parties as a result of any change in design by Supplier that was not consented to in advance in writing by Flyer, and all such Losses shall be debited to Supplier’s account and/or shall be payable by Supplier upon demand by Flyer. In addition, Supplier shall not make any change to any of its manufacturing processes or manufacturing location(s) for the Products to be sold to Flyer without prior notification to and written approval from Flyer. After full performance of this Purchase Order, Flyer may desire to place additional orders for the Products purchased hereunder. As such, Supplier shall provide Flyer with a “Last Time Buy Notice” at least twelve (12) months prior to any action that will discontinue, or alter, any Products purchased under this Purchase Order. The obligations under this clause shall survive the expiration, completion, or termination of this Purchase Order.

23. SELLER BUSINESS SYSTEMS

“Seller Business Systems” as used in this clause means Supplier’s material management and accounting system, cost estimating, accounting system, earned value management system, property management system, and purchasing system. If Supplier’s business systems are reviewed and approved by a Government agency, Supplier shall provide prompt notice to Flyer whenever there is a material change in the status of the Government’s approval or determination of adequacy of any of Supplier’s Business Systems.

- (b) When travel is authorized under this Purchase Order, Supplier shall be reimbursed only for necessary, reasonable, and actual travel expenses for transportation, lodging, meals and incidental expenses only to the extent that they do not exceed the

maximum per diem rate in effect at the time of travel, as set forth in the United States Federal Travel Regulations for the area of travel authorized under this Purchase Order. Air travel shall be reimbursed for coach class only. Lodging expenses are reimbursable only where incurred from establishments serving the general public.

- (c) Supplier shall provide a detailed summary of all such costs by category of expense with each invoice. Supplier shall provide a legible receipt for each claimed individual expense exceeding \$75.00.

25. USE OF FREE, LIBRE AND OPEN-SOURCE SOFTWARE (FLOSS)

- (a) This Section 25 only applies to Work that includes the delivery of software (including software residing on hardware).
- (b) For purposes of this Section, the following definitions shall apply:
 - (i) “FLOSS” means software that incorporates or embeds software in, or uses software in connection with, as part of, bundled with, or alongside any (1) open source, publicly available, or “free” software, library or documentation, or (2) software that is licensed under a FLOSS License, or (3) software provided under a license that (a) subjects the delivered software to any FLOSS License, or (b) requires the delivered software to be licensed for the purpose of making derivative works or be redistributable at no charge, or (c) obligates Flyer to sell, loan, distribute, disclose or otherwise make available or accessible to any third party (i) the delivered software, or any portion thereof, in object code and/or source code formats, or (ii) any products incorporating the delivered software, or any portion thereof, in object code and/or source code formats.
 - (ii) “FLOSS License” means the General Public License (“GPL”), Lesser/Library GPL, (LGPL), the Affero GPL (AGPL), the Apache license, the Berkeley Software Distribution (“BSD”) license, the MIT license, the Artistic License (e.g., PERL), the Mozilla Public License (MPL), or variations thereof, including licenses listed at www.opensource.org/licenses and licenses referred to as “Free Software License”, “Open-Source License”, “Public License”, or “GPL Compatible License.”
- (c) Supplier shall disclose to Flyer in writing any Free/Libre Open-Source Software (“FLOSS”) that will be used or delivered in connection with this Purchase Order, and Supplier shall obtain Flyer’s prior written consent before using or delivering such FLOSS in connection with this Purchase Order. Flyer may withhold such consent at

- its sole discretion. No FLOSS delivered hereunder shall contain any orphaned code (i.e., software that (i) has had more than one (1) year since its last release, (ii) does not have an identified individual responsible for supporting and maintaining the code, or (iii) the identified individual's contact information is no longer valid).
- (d) If Flyer consents to the delivery of FLOSS under this Purchase Order, Supplier shall defend, indemnify, and hold harmless Flyer, its customers and suppliers from and against any claims, damages, losses, costs, and expenses, including reasonable attorneys' fees, relating to the use or delivery of FLOSS in connection with this Purchase Order.

26. USE OF DELIVERABLE TECHNICAL DATA AND COMPUTER SOFTWARE

- (a) This clause applies only to technical data or computer software delivered by Supplier to Flyer under this Purchase Order for eventual delivery to the U.S. Government.
- (b) As used in this clause "Nonconforming Marking" means any confidential, proprietary, or other restrictive-use markings that are not expressly permitted by applicable FAR, DFARS, NASA FAR Supplement or other U.S. Government agency acquisition clauses incorporated into this Purchase Order, and such markings purport to restrict the use of any items by the U.S. Government.
- (c) Supplier shall not deliver technical data or computer software that contains Nonconforming Markings. On behalf of the Government and its customer, Flyer may notify Supplier of such a Nonconforming Marking. If Supplier fails to remove or correct such marking within thirty (30) days after such notification, Flyer may, notwithstanding any other provision of this Purchase Order ignore or at Supplier's expense, remove or obliterate any such Nonconforming Marking as may be on technical data or computer software delivered by Supplier.

- (i) It uses industry best practices to ensure, and to the best of Supplier's knowledge, Technology Products do not contain any virus, worm, Trojan horse, or similar malware or destructive code that may destroy, modify, alter, or cause the destruction, modification or alteration, in whole or in part, of any Flyer's equipment, devices, software, or data or permit unauthorized access to any of the foregoing, including the Technology Products;
- (ii) Unless expressly agreed otherwise in a signed writing, no hardware or software Technology Products, including operating systems and embedded software, or any component thereof, will contain any (a) "phone-home", metering, or other feature designed to periodically transmit usage, statistical or other data to Supplier or (b) hardware or software designated as end-of-life (e.g., no longer supported or updated by the manufacturer or licensor) prior to the date of the relevant Purchase Order;
- (iii) Neither Supplier nor any of its agents, contractors, or employees or anyone acting on their behalf, will disable or interfere, in whole or in part, with use of the Technology Product or any software, hardware, systems or data owned,

utilized or held by Flyer without Flyer's prior written consent, whether or not the disablement is in connection with any dispute between the parties or otherwise;

- (iv) It will conduct application security assessment review(s), including penetration tests and code review, to identify common security vulnerabilities as identified by industry-recognized organizations (e.g., OWASP Top 10 Vulnerabilities; CWE/SANS Top 25 vulnerabilities) for all major releases, as determined by Flyer, of the Technology Products, but in any event no less than every twelve (12) months or in the event a new vulnerability is identified by one of the foregoing organizations; and
- (v) It shall, at its sole expense, either (i) use the third party firm specializing in code reviews identified by Flyer to conduct the foregoing security assessments or (ii) conduct the security assessment review itself, provided that Supplier Personnel performing the review are experienced in conducting reviews of this kind, hold an industry-recognized certification in security assessments for software (e.g., Certified Secure Software Lifecycle Professional (CSSLP) or GIAC Secure Software Programmer certification), follow industry standard best practices for such assessments, and assessment results are promptly shared by Supplier with Flyer's Procurement Representative for review and approval by Flyer. Supplier shall at its sole expense remediate all vulnerabilities identified and rated as a result of the assessment as medium or higher (or other similar designation) (i) prior to a new version of the Supplier's Software being introduced to production environments, and (ii) for a version of the Technology Product currently in production within thirty (30) to ninety (90) days based on criticality of the vulnerability identified from the assessment.
- (vi) Supplier also warrants that it shall test all Technology Products, including all embedded third party software, in accordance with best industry practices, but in no event less than on a quarterly basis, for any vulnerability or exposure identified in Mitre's Common Vulnerabilities and Exposures ("CVE") located at <http://cve.mitre.org> and having a Common Vulnerability Scoring System ("CVSS") score of 4 or higher (as published by the NIST National Vulnerability Database, located at <http://nvd.nist.gov>). Supplier shall keep complete and accurate records of its testing and remediation activities under this Section in accordance with the obligation to retain records under Section 20.

(d) *Remedies.* The foregoing warranties shall survive inspection, delivery, performance, acceptance, payment and completion, expiration or termination of this Purchase Order and shall run in favor of Flyer and its customers, both direct and indirect. If any

Products furnished under this Purchase Order are found to be defective or inferior in quality, or in any way do not conform to Flyer's specifications or to Supplier's warranties during the applicable Warranty Period (as defined in Section 27(f) below), Flyer shall have all rights and remedies available to it under this Purchase Order in addition to any other right and remedy available to it in law or equity. Flyer's rights and remedies under this clause shall, at Flyer's option, be assignable to and enforceable by its successors and customers. Neither Flyer's approval of any documentation prepared by Supplier nor Flyer's participation in design reviews, first article approval or similar reviews shall relieve Supplier of any obligation under this warranty. Without limiting the foregoing, Flyer shall also have the right:

- (i) With respect to any such defective or nonconforming Products that are goods or Technology Products, to: (1) cancel any unshipped portions of any such Purchase Order, and/or return any such defective or nonconforming items to Supplier at Supplier's expense; and/or (2) retain and rework or repair any such defective or nonconforming items, in which case Supplier shall reimburse Flyer on demand for material, labor, travel and freight charges associated with the rework or repair, with all such charges calculated at Flyer's then-current rates; and/or (3) cover by purchasing replacement items from another vendor, in which case Supplier shall reimburse Flyer for the amount (if any) by which the cost of such items exceeds the contract price of the defective or nonconforming goods hereunder, along with all other cover damages; and/or (4) impose upon Supplier any predetermined charge-back associated with such defective or nonconforming items that may have been agreed upon by Supplier and Flyer, and if Flyer imposes such charge-back, Supplier shall within fifteen (15) days, pay to Flyer the amount of such charge-back. Flyer shall also be reimbursed by Supplier for all of its costs and expenses in connection with the inspection, storage, handling, packing and/or transporting of any such defective or nonconforming goods, and Supplier shall assume all risk of loss or damage in transit to such goods returned by Flyer pursuant hereto.
- (ii) With respect to any such defective or nonconforming Products that are services, to: (1) cancel any unperformed portions of any such Purchase Order; and/or (2) re-perform the defective or nonconforming services, in which case Supplier shall reimburse Flyer on demand for all labor, material, travel and other charges associated with the re-performance of the services calculated at Flyer's then-current rates; and/or (3) cover by purchasing replacement services from another vendor, in which case Supplier shall reimburse Flyer for the amount (if any) by which the cost of such services exceeds the contract price of the nonconforming services hereunder, along with all other cover damages; and/or (4) impose upon Supplier any predetermined charge-back

associated with such defective or nonconforming Products that may have been agreed upon by Supplier and Flyer, and if Flyer imposes such charge-back, Supplier shall within fifteen (15) days, pay to Flyer the amount of such charge-back.

- (e) *Notice.* In the event Supplier becomes aware of any circumstance that would reasonably cause Supplier to believe that any of its warranties may have been breached or that it may not be capable of delivering Products which conform to such warranties set forth in this Section, Supplier shall immediately notify Flyer in writing of the problem and the extent of such problem.
- (f) *Warranty Period.* For the purposes of this Purchase Order, “Warranty Period” means the period commencing upon the date on which the applicable Product was delivered to or performed for Flyer and expiring on the later to occur of: (i) one (1) year after the date on which such Product was delivered to or performed for Flyer; or (ii) one (1) year after the date on which the vehicle, equipment or other product into which such Product is installed or incorporated is delivered by Flyer to its customer, but not later than the third anniversary of the date on which such Product was delivered to or performed for Flyer. Notwithstanding anything in the immediately preceding sentence to the contrary, if Supplier’s standard warranty with respect to any particular Product would continue beyond the expiration of the Warranty Period as determined in accordance with that sentence, then the Warranty Period for that Product shall be deemed to be of the same duration as Supplier’s standard warranty. Notwithstanding anything in these Terms and Conditions to the contrary, in the event and to the extent that Supplier and Flyer agree in a separate written warranty agreement or on the face of this Purchase Order to a different warranty and/or Warranty Period for Products purchased by Flyer pursuant to this Purchase Order, such different warranty and/or Warranty Period shall be controlling with respect to those Products.

28. TERMINATION/CANCELLATION

- (a) *Flyer’s Termination for Convenience.* Flyer may, upon notice to Supplier, terminate all or any undelivered portion of this Purchase Order for convenience, without cause, at any time. In the event of any such termination for convenience, Flyer’s liability to Supplier shall be limited to reimbursing Supplier for its actual out-of-pocket costs for work and materials applicable solely to the terminated portion of this Purchase Order, which were expended before notice of termination was received by Supplier (not to exceed the contract price attributable to the terminated portion), reduced by the fair market value of such work-in-process and materials. Supplier shall provide Flyer with all records, documents and other information used to calculate such out-of-pocket

costs for work and materials and their fair market value. If the termination for convenience was a result of a termination or change directed by the U.S. Government under the Prime Contract, Supplier shall comply with the termination settlement and property disposition requirements set forth in FAR clause 52.249-2, Termination for Convenience of the Government (Fixed-Price) or FAR clause 52.249-6, Termination (Cost Reimbursement) as applicable.

(b) *Flyer's Termination for Cause.*

- (ii) In the event of termination of this Purchase Order by Flyer for cause, without limiting its other rights or remedies, Flyer may cover by purchasing goods or services elsewhere on such terms and in such a manner as Flyer may deem appropriate, and Supplier shall be liable to Flyer for the amount (if any) by which the cost of such goods or services exceeds the contract price of the affected Products hereunder, and all other cover damages, in addition to all other Losses arising from Supplier's breach or failure

(c) *Supplier's Cancellation for Cause; Limitations of Flyer's Liability.*

- (i) Supplier may terminate this Purchase Order for cause by providing written notice of default to Flyer if Flyer breaches any material covenant, agreement or obligation of Flyer contained in this Purchase Order and fails to cure such breach within thirty (30) days after receipt of written notice from Supplier specifying such breach.
- (ii) Flyer's sole and exclusive liability to Supplier arising out of Flyer's breach of any covenant, agreement or obligation of Flyer contained in this Purchase Order shall be limited to Supplier's actual, direct damages directly resulting from the breach, not to exceed the contract price of the portion of the Purchase Order affected by the breach. **IN NO EVENT SHALL FLYER BE LIABLE FOR ANY SPECIAL, INDIRECT, PUNITIVE, INCIDENTAL OR CONSEQUENTIAL DAMAGES, INCLUDING LOST PROFITS, WHETHER IN CONTRACT, TORT, NEGLIGENCE, STRICT LIABILITY OR UNDER ANY OTHER THEORY OF LAW OR EQUITY, UNDER OR ARISING OUT OF THIS PURCHASE ORDER OR ITS PERFORMANCE OR BREACH, EVEN IF FLYER HAS BEEN MADE AWARE OF THE POSSIBILITY OF SUCH DAMAGE.**
- (iii) In the event Flyer withholds payment to Supplier for reasons claimed by Flyer as legally or contractually justified, Supplier shall have no right to terminate this Purchase Order unless and until either: (1) the issue of Flyer's withholding has been resolved against Flyer in accordance with Section 9 above (Disputes) or (2) Flyer has expressly waived in writing the application of said Section 9 to said matter.
- (d) If, after Flyer provides Supplier with a notice of default under Section 28(b), it is determined that Supplier was not in default or that Supplier's failure to perform this Purchase Order was due to a Force Majeure Event and was therefore excused, said notice from Flyer shall be deemed to have been issued as a termination for convenience pursuant to Section 28(a), and the rights and obligations of the parties hereto shall be governed by that paragraph. No such Force Majeure Event shall excuse Supplier, however, unless Supplier has notified Flyer in writing of the existence of the cause within ten (10) days after the beginning thereof.

29. LIQUIDATED DAMAGES FOR LATE DELIVERY

- (a) Should Supplier fail to make a timely delivery of any Work in accordance with this Purchase Order's delivery schedule, then Flyer shall be entitled to receive, and Supplier shall pay, compensation in the form of liquidated damages and not as a penalty.
- (b) Supplier shall be entitled to a ten (10) day grace period in which to deliver late Work. In the event Supplier fails to complete delivery of late Work within the grace period, then the amount of liquidated damages shall accrue at the rate of one and one-half percent (1.5%) of the price of the portion of the Work which is subject to delay for each day of delay beginning on the first day of the scheduled delivery date. The liquidated damages charged shall not exceed ten percent (10%) of the price of the portion of the Work delayed. Liquidated damages arising under this Purchase Order may be deducted by Flyer, in whole or in part, from any payments due Supplier following the late delivery of any such Work.
- (c) Supplier agrees that liquidated damages in the foregoing amounts are reasonable considering the anticipated harm caused by the late delivery, the difficulties of the proof of loss, and the inconvenience or non-feasibility of otherwise obtaining an adequate remedy.
- (d) In no event shall failure to assess liquidated damages be considered a waiver of Flyer's rights in this or any other articles or clauses.

30. LIQUIDATED DAMAGES FOR DELIVERY OF NON-CONFORMING WORK

- (a) Should Supplier deliver Products or Work that does not conform to the requirements set forth in this Purchase Order ("Non-Conforming Work"), Flyer shall be entitled to receive, and Supplier shall pay, compensation in the form of liquidated damages and not as a penalty.
- (b) Flyer shall be entitled to receive, and Supplier shall pay liquidated damages at the lesser of \$4,000 or 5% of the price of the Non-Conforming Work for Flyer's administrative costs associated with processing Non-Conforming Work.
- (c) Supplier agrees that liquidated damages in the foregoing amounts are reasonable considering the anticipated harm caused by the delivery of Non-Conforming Work; the difficulties of the proof of loss; and the inconvenience, expense, or non-feasibility of otherwise determining and obtaining an adequate remedy.

- (d) Except for the nonperformance of subcontractors at any tier, Supplier shall not be liable for liquidated damages if the failure to deliver Conforming Work arises from causes beyond the control and without the fault or negligence of Supplier.
- (e) In no event shall failure to assess liquidated damages be considered a waiver of Flyer's rights in this or any other articles or clauses. The remedies contained in this clause are in addition to any remedies Flyer may have at law, equity or under other provisions of this Purchase Order.

The headings used in this Purchase Order are inserted for convenience only and shall not define, limit or describe the scope or the intent of the provisions of this Purchase Order.

34. WAIVER

Failure by either party to enforce any of the provisions of this Purchase Order or of applicable laws shall not constitute a waiver of the requirements of such provisions or laws, nor a waiver of a party's right to enforce such provision, or law, thereafter. Flyer's approval of any documents pertaining to this Purchase Order shall not relieve Supplier of its obligation to comply with the requirements of this Purchase Order. The rights and remedies of either party under this Purchase Order are cumulative and shall not preclude any other rights or remedies provided by law or equity.
